Re: Ground Water Permit No. G 2-27259

Dear Mr. Baker:

In reviewing your permit, we find you have not submitted a completion of construction form.

If the work has been completed on this project, please complete the enclosed form. If not, you must request an extension of one year. Please submit the statutory extension fee of \$5.00, payable to the Department of Ecology. If you are no longer interested in the permit, please sign the statement below and return to this office.

I am no longer interested in processing the Ground Water Permit No. G 2-27259 or obtaining a water right and I hereby agree to it being cancelled.

I understand that after the effective date of cancellation, any withdrawal of ground water exceeding 5000 gallons a day and irrigation of more than one-half acre is a violation in accordance with Chapters 90.03 and 90.44 RCW and is subject to enforcement action.
