6. Remarks and Other Relevant Information:

Well 2 (SO3) has been in service since 1972. The well log was forwarded to DOE after G1-00033P was issued but before G1-00033C was issued. But the well was not never added as an additional point of withdrawal to the existing water right certificate. Both wells 1 & 2 (SO2 and SO3) are primary groundwater sources for the Plat of Pine Terrace. The wells are manually alternated so that the operational use is balanced throughout the year.
