RE: Seasonal Change Authorization No. CS4-CV1-4P246@2 – change point of diversion and place of use

On December 16, 2009, AgReserves, Inc., dba AgriNorthwest, subsidiary of Farmland Reserve, Inc., dba K2H Farms (K2H Farms) submitted an application seeking a Seasonal Change Authorization to change the point of diversion and a portion of the place of use for Certificate of Change No. S4-CV1-4P246. This water right, having a priority date of April 25, 1966, authorizes the right to divert 130 cubic feet per second (cfs) and 27,842 acre-feet per year (ac-ft/yr) for the purpose of irrigation of 6500 acres.

There are six points of diversion authorized from the Columbia River under this Certificate including a point of diversion located 500 feet south and 100 feet east of the northwest corner of Section 15, T. 5 N., R. 27 E.W.M., being within the NW $\frac{1}{4}$ NW $\frac{1}{4}$ of said Section 15. The applicant has requested a seasonal change of point of diversion from the Snake River to a place located in SW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 36, T. 10 N., R. 32 E.W.M.

In addition to this Seasonal Change Authorization, K2H Farms has applied for four other Seasonal Change Authorizations for 2010. The change applications filed with the Washington Department of Ecology, Water Resources Program, Central Region Office, for the applicant's 2010 irrigation plan are:

- CS4-01337(B)C@2 (309 acres)
- CS4-01351(L)C (63 acres)
- CS4-16571(E)P (969 acres)
- CS4-13134(B)P@1 (435 acres)
- CS4-CV1-4P246@2 (51 acres)

Approximately 1,827 acres irrigated within the place of use authorized in the above five water rights will not be watered during the 2010 irrigation season. A complete description of lands not irrigated during the 2010 irrigation season is described in a letter from AgriNorthwest to Department of Ecology, dated December 14, 2009. This letter can be found in the application file for this Seasonal Change Authorization.

The applicant has also applied with Department of Ecology, Water Resources Program in the Eastern Region Office (ERO) to seasonally transfer 995 acres. There will be a total of 2,837 acres left fallow in the authorized locations by the applicant. The combined land to be irrigated in the new locations totals 2,791 acres. By doing this, there will be a total of 46 extra acres left fallow.

Approximately 51 acres of the existing place of use for Water Right No. CS4-CV1-4P246 is proposed for transfer. Lands that will not be irrigated during the 2010 irrigation season, are identified on irrigation maps supplied by the applicant, located in this application file, and are identified as the north half of center pivot field #258 within the NE $\frac{1}{4}$ of Section 1, T. 5 N., R. 26 E.W.M.

The proposed places of use in WRIA 33 of all combined Seasonal Change Authorizations total 1827 acres and are in the following locations:

- Sections 4, 5, 11, 17, 18, 20, 28, 30 32 in T. 9 N., R. 33 E.W.M.
- Section 31, T. 10 N., R. 34 E.W.M.

The existing point of diversion and place of use are located within Water Resource Inventory Area (WRIA) No. 31, in Benton County, Washington. The proposed point of diversion and place of use are located within WRIA No. 33, in Walla Walla County, Washington.

This SEASONAL CHANGE AUTHORIZATION is subject to the following conditions:

- 1) Violation of any of the terms and/or conditions of this Seasonal Change Authorization will result in immediate termination, issuance of Administrative Orders to Cease and Desist, may also subject the violator to civil penalties.
- 2) The applicant will divert up to 1.02 cfs thru October 31, 2010. This Seasonal Change Authorization will expire on October 31, 2010.
- 3) The point of diversion will be located in the SW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 36, T. 10 N., R. 32 E.W.M.
- 4) The seasonal place of use under this Seasonal Change Authorization will be used to irrigate 51 acres; located within Section 31, T. 10 N., R. 34 E.W.M., Sections 4, 5, 11, 17, 18, 20, 28, 30, and 32 all located within T. 9 N., R. 33 E.W.M.
- 5) The maximum annual volume of water allowed for seasonal change is 218.5 acre-ft/yr.
- 6) Irrigation of any lands in excess of 51 acres under this Seasonal Change Authorization for the 2010 irrigation season will constitute an enlargement of the right and this authorization shall be immediately terminated.
- 7) The Department of Ecology assumes no liability for the purchase and/or construction of any permanent facilities in conjunction with this Seasonal Change Authorization.
Applicants for seasonal change should not construe that this change will result in the granting of a permanent change of water right.
- 8) The issuance of this Seasonal Change Authorization does not convey a right of access to or other right to use land, which you do not legally possess. Obtainment of such a right is a private matter between the applicant and owner of that land.
- 9) The applicant and operator of the system under this Seasonal Change Authorization shall:
 - Have a copy of this Seasonal Change Authorization available on-site.
 - Be aware of the parameters and provisions and operate accordingly.

- Provide said copy as evidence of this authorization upon request by Department of Ecology staff.
- 10) An approved measuring device shall be installed and maintained for the source(s) identified herein in accordance with the rule "Requirements for Measuring and Reporting Water Use", Chapter 173-173 WAC. Water use data for each Court Claim on the place of use shall be recorded weekly and shall be submitted to Ecology by January 31, 2011.
 - 11) The rule above describes the requirements for data accuracy, device installation and operation, and information reporting. It also allows a water user to petition the Department of Ecology for modifications to some of the requirements. Installation, operation and maintenance requirements are enclosed or available from the Department of Ecology as a document entitled "Water Measurement Device Installation and Operation Requirements".
 - 12) At a minimum, the following information shall be included with each submittal of water use data: owner, contact name if different, mailing address, daytime phone number, WRIA, Permit or Certificate No., source name, annual quantity used including units, maximum rate of diversion including units, period of use, monthly meter readings including units, and peak flow including units for each month. In the future, the Department of Ecology may require additional parameters to be reported or more frequent reporting.
 - 13) The Department of Ecology prefers web based data entry, but does accept hard copies. The Department of Ecology will provide forms and electronic data entry information.
 - 14) Department of Ecology personnel, upon presentation of proper credentials, shall have access at reasonable times, to the records of water use that are kept to meet the above conditions, and to inspect at reasonable times any measuring device used to meet the above conditions, but only to the extent otherwise allowed by law.
 - 15) This Seasonal Change Authorization is subject to Washington Department of Fish and Wildlife fish screening criteria (pursuant to RCW 77.57.010, RCW 77.57.070, and RCW 77.57.040). Contact the Department of Fish and Wildlife, 600 Capitol Way N, Olympia, WA 98501-1091. Attention: Habitat Program, Phone: (360) 902-2534 if you have questions about screening criteria. <http://wdfw.wa.gov/hab/engineer/habeng.htm>
 - 16) The intake shall be screened at all times in accordance with Department of Fish and Wildlife screening criteria. <http://wdfw.wa.gov/hab/engineer/habeng.htm>.
 - 17) **No water right in perpetuity will result from this Seasonal Change Authorization.**
 - 18) This Seasonal Change Authorization shall in no way excuse the permittee from compliance with any applicable federal, state, or local statutes, ordinances, or regulations including those administered by other programs of the Department of Ecology.

YOUR RIGHT TO APPEAL

You have a right to appeal this decision to the Pollution Control Hearing Board (PCHB) within 30 days of the date of receipt of this decision. The appeal process is governed by Chapter 43.21B RCW and Chapter 371-08 WAC. "Date of receipt" is defined in RCW 43.21B.001(2).

To appeal you must do the following within 30 days of the date of receipt of this decision:

- File your appeal and a copy of this decision with the PCHB (see addresses below). Filing means actual receipt by the PCHB during regular business hours.
- Serve a copy of your appeal and this decision on Ecology in paper form - by mail or in person. (See addresses below.) E-mail is not accepted.

You must also comply with other applicable requirements in Chapter 43.21B RCW and Chapter 371-08 WAC.
