Re: Water Right Permit No. S2-28417

Dear Mr. Watson:

In response to your request, you are hereby granted an extension to begin construction for the reasons below:

- Design and engineering problems delayed development of the water system.
- The permit holder is filing a Joint Aquatic Resources Permit Application (JARPA) and intends to apply for other necessary state and local permits by February 1, 2010.

You do not need to submit monthly updates on your project as suggested in your letter. However, you must demonstrate due diligence in development under this extension. In order to document your efforts, we ask that you submit copies of the JARPA and other state and county permit applications when they are filed. Please reference your water right permit number, S2-28417, when submitting this information.

Your new deadline to submit a *Beginning of Construction Notice* is **January 1, 2011**.

You have a right to appeal this decision. To appeal this you must:

- File your appeal with the Pollution Control Hearings Board within 30 days of the “date of receipt” of this document. Filing means actual receipt by the Board during regular office hours.
- Serve your appeal on the Department of Ecology within 30 days of the “date of receipt” of this document. Service may be accomplished by any of the procedures identified in WAC 371-08-305(10). “Date of receipt” is defined at RCW 43.21B.001(2).

Be sure to do the following:

- Include a copy of this document that you are appealing with your *Notice of Appeal*.
- Serve and file your appeal in paper form; electronic copies are not accepted.
