Re: Ground Water Permit and Change Authorization Nos. G4-28833P, CG4-28833P@2, and CG4-28833P@3

Dear Mr. Welker:

Thank you for your recent correspondence and in response to your request, you are hereby granted an extension to complete construction for the reasons below:

- Additional acres are being developed and continue to do so.
- Declining state budget.

To allow Ecology to check the project's progress should a need for another extension occur, the new deadline to submit your *Construction Notices* is **July 1, 2015**.

Also, please be aware that according to the Change Authorizations, the following provision must be met:

- Required water measurement submittals by January 31st of each year.

Please make note that if additional extensions are requested in the future in this stage of the development schedule, the metering information above would be useful in consideration of such a request.
