Re: Water Right Nos. S2-27070 and G2-27071

Dear Mr. Bielka:

In response to your request, you are hereby granted an extension to complete construction for the reasons below:

- Delays were encountered due to the recent assignment of this project to Pacific Seafood Company and the magnitude and complexity of this project.
- Due diligence is shown in development of these water rights. Pacific Seafood Company has acquired construction permits for Phase 1 of this project and has hired several engineers to begin working on Phase 2 permit acquisition.
- Groundwater use for fish production is expected to occur by November, 2014, and commencement of Phase 2 construction early next year. Full beneficial use of groundwater is anticipated by the end of 2015.
- The surface water intake is currently in the design process. Full beneficial use of surface water is expected by the end of 2015.

The new deadline to complete construction and submit your *Construction Notice* is **January 1, 2016**.
