Re: Ground Water Right Permit Nos. **G4-31813P & G4-32225P**

Dear Mr. Marquis:

In response to your requests, the development schedules for the above-referenced water permits have been extended as follows:

Complete Construction: December 29, 2019

Basis of extension approval:

- A delay would enable the permit holder to meet public water supply needs, consistent with the intent of the permit.
- The permit holder has made sufficient progress toward completion of the project and has demonstrated due diligence.

Please mail in the enclosed *Construction Notice* by the deadline. If you have any questions, please contact the Water Resources Help Desk at (509) 575-2597.
