Re: Water Right No. S2-30247 for 1848 Summit Lake Shore Road NW

Dear Mr. Slaymaker:

In response to your request, you are hereby granted an extension of two years to begin construction for the reason below:

- Construction was delayed due to adverse commercial and economic conditions.

The new deadline to submit your *Construction Notice* is **October 1, 2017**.

We are unable to comply with your request for a five-year extension due to ample time already granted to begin construction of your project. *As a condition of this extension, you must begin construction of your water system by October 1, 2017 to demonstrate good-faith efforts and due diligence in development.* In order to be eligible for future extensions, you will need to demonstrate your efforts and progress made in developing your surface-water diversion and water conveyance system.

If you have any questions, please contact Marie Peter at (360) 407-0279 or mpet461@ecy.wa.gov.
