Re: Water Right Permit No. **R1-135**

Dear Tom Meyer:

In response to your request, the development schedule for the above referenced water right has been extended as follows:

Completion of Construction: **December 31, 2019**

Basis of extension approval:

- Seattle City Light is currently prevented from completing construction to raise the level of Ross Dam by a legal agreement between Seattle and British Columbia (Agreement), the terms of which are implemented through a treaty between the United States and Canada (Treaty). Since Ecology issued the last extension in 2009, Seattle has discharged all of its obligations under the Agreement and the Treaty, including making annual payments to British Columbia and to the environmental endowment fund.

Please mail in the enclosed *Construction Notice* by the deadline. If you have any questions, please contact Arlene Harris at arha461@ecy.wa.gov or (425) 649-7020.
