In response to your request, you are hereby granted an extension to complete construction for the reason(s) below:

- The permittee has demonstrated good faith and due diligence in developing said Permits to the best of their ability. Currently, portions of said Permits are in the midst of being split, changed, or certificated. Additional time is needed in order to complete full build out on remaining permitted quantities specified within said Permits.
- The scope of the collective permits requires additional financing and land management to maximize crop and irrigation potential.

The new deadline to submit your *Construction Notice* is **October 1, 2012**.
