Re: Ground Water Permit No. G4-30434P

Dear Mr. Weber:

In response to your request, you are hereby granted an extension to put the water to full beneficial use for the reason(s) below:

- One more connection needs to be added.
- Full build-out of up to an additional four homes is still viable.

The new deadline to submit your *Proof of Appropriation of Water* is **March 1, 2015**.

As this permit was being reviewed for extension consideration, it was noted that Permit No. G4-30434P was issued as a Family Farm Permit, perhaps in error, for continuous community domestic and three acres of lawn and garden. According to the Department of Ecology's Provision *POL-1050* "As a condition of an extension, Ecology may require additional provisions and conditions . . ." Similarly, as a matter of law Ecology can also remove a provision which is inappropriate for the nature and intent of the permit. Therefore, Ecology intends to **remove** the Family Farm Permit Provision as the Permit has historically been for irrigation of non-agricultural irrigation of lawn and garden
