Re: Surface Water Change Authorization No. CS4-SWC9658(A)
John Lysaker/Cedarbrook and Lower Stemilt Irrigation District

Dear Mr. Peterson:

Thank you for submitting your *Construction Notice* reporting you have completed construction of your water system.

Enclosed is a *Proof of Appropriation of Water* form to report when you have put the water to full beneficial use. According to your change authorizations, you were to put the water to use, reflecting actual water use, not to exceed the limits of the Change Authorization and were to submit the form by December 1, 2009; however, in response to your extension request, you are hereby granted an extension to put the water to full beneficial use for the reason(s) below:

- Some acreage has yet to be planted.
- Unforeseen conditions have delayed project development.

The new deadline to submit your *Proof of Appropriation of Water* is **December 1, 2015**. With the submittal of the *Proof of Appropriation* form, the District is required to submit a description of its water rights relative to the acres it serves. Ecology has not received this information.

If there are delays in completing your project, you must contact us in writing to request an extension. Refer to the enclosed focus sheet for more information. If you have any questions, please contact Teresa Mitchell at 509-575-2597.
