Re: Change Authorization No. CG4-28362@1

Dear Mr. Pearson:

In response to your request, you are hereby granted an extension to complete construction for the reason(s) below:

- A short-term extension is needed to finish the metering plan, submit weekly metering reports, and to provide drill sample cuttings.

The new deadline to submit your *Construction Notice* is **February 29, 2012**. Since it appears that construction is complete and water is being beneficially used (see aerial attachment), Ecology is unlikely to authorize future extension requests for the above-referenced change authorization.

Please refer to the above-referenced change authorization (CG4-28362@1) or CG4-28362, a separate change request when submitting forms to Ecology as the original Permit, No. G4-28362 was rendered inactive due to Change Authorization No. CG4-28362, which added another point-of-withdrawal (#3) and changed 2.5 acres of the place-of-use to the NW¼ of T. 9 N., R. 27 E. Section 4.
