Re: 2012 Temporary Water Use Authorization Nos. S1-28267 and S1-28270

Dear Ms. Stangell:

The Department of Ecology (Ecology) is in receipt of your applications and request for temporary use of surface water. The water is to be used to fill a tank truck for vegetation control on commercial forest property through October 31, 2012. The source of the diversions will be Tokul Creek under application No. S1-28267 and Beaver Creek under application No. S1-28270.

- For rivers where instream flows have been established, water right authorizations are conditioned by instream flows. This means the right to use water can legally be interrupted if stream flows drop below a specific level. Because flows change daily, it is up to the applicant to check the gauges in the sources indicated and shall be responsible for the termination of watering when the flows are not being met.

- These rules apply to surface waters within the Snohomish River Basin. See Chapter 173-507 WAC, instream resources protection program, water resources inventory area (WRIA) 7.

The gage number for the Tokul Creek diversion and the Beaver Creek diversion is 12149000.

Ecology authorizes the diversion of .223 cfs. The total maximum gallons per day shall not exceed 5000 gallons per day.

Nothing in this temporary water use authorization allows for its holder to impair existing water rights.

Water use authorizations begins at the receipt of this letter and will continue through October 31, 2012. SA112 shall record how much water is used at each site and will notify Ecology if any of these projects have ended prematurely, been delayed, or completed. Each project site should use procedures to eliminate any waste of water.

You have a right to appeal this action to the Pollution Control Hearing Board (PCHB) within 30 days of the date of receipt of this document. The appeal process is governed by Chapter 43.21B RCW and Chapter 371-08 WAC. "Date of receipt" is defined in RCW 43.21B.001(2).

To appeal, you must do the following within 30 days of the date of receipt of this document:

- File your appeal and a copy of this document with the PCHB (see addresses below). Filing means actual receipt by the PCHB during regular business hours.

- Serve a copy of your appeal and this document on Ecology in paper form - by mail or in person. (See addresses below.) Email is not accepted.

You must also comply with other applicable requirements in Chapter 43.21B RCW and Chapter 371-08 WAC.
