Re: Reservoir Permit No. R3-30433

Dear Mr. Robinson:

In response to your request, you are hereby granted an extension to complete construction for the reason(s) below:

According to your request, you will require one additional year to renew your JARPA (Joint Aquatic Resources Permit Application) permit and complete construction. It appears you have made minimal progress in completing your project. Be advised that the State Water Code requires that your project be pursued with diligence and does not allow, through the permitting process, the reservation of water for use at an unspecified time in the future. It is important that construction of your project be completed within the time prescribed in the authorization. Your request is for a reasonable and short period of time. We will grant you an additional year to complete your project.

The new deadline to submit your *Construction Notice* is October 1, 2010.

You have a right to appeal this decision. To appeal this you must:

- File your appeal with the Pollution Control Hearings Board within 30 days of the “date of receipt” of this document. Filing means actual receipt by the Board during regular office hours.
- Serve your appeal on the Department of Ecology within 30 days of the “date of receipt” of this document. Service may be accomplished by any of the procedures identified in WAC 371-08-305(10). “Date of receipt” is defined at RCW 43.21B.001(2).

Be sure to do the following:

- Include a copy of the document that you are appealing.
- Serve and file your appeal in paper form; electronic copies are not accepted.
