Re: Emergency Drought Application No. G4-33154-15

Your request for emergency drought relief cannot be considered by the Department of Ecology (Ecology) since your situation does not meet the requirements of the drought regulations. You must have existing water rights that will be affected by the drought conditions of the basin for us to consider issuing a change authorization.

Ecology's rules concerning emergency drought relief (WAC 173-166) require that certain criteria be met before an emergency drought change application can be affirmatively processed. The specific criterion that is not met in your application is contained in WAC 173-166-080(3)(b), which states:

“An application for a water right transfer will be processed if the recipient water user is receiving, or is projected to receive, less than seventy-five percent of normal water supply, as the result of natural drought conditions, for the previously established activity and experiencing, or is expected to experience, undue hardship as a result.”

Undue hardship as a result of natural drought conditions has not been demonstrated. Therefore, the request filed under Emergency Drought Change Application No. G4-33154-15 is hereby **DENIED**.

Your Right To Appeal

You have a right to appeal this Order to the Pollution Control Hearings Board (PCHB) within 30 days of the date of receipt of this Order. The appeal process is governed by Chapter 43.21B RCW and Chapter 371-08 WAC. “Date of receipt” is defined in RCW 43.21B.001(2).

To appeal you must do the following within 30 days of the date of receipt of the Order.

File your appeal and a copy of this Order with the PCHB (see addresses below). Filing means actual receipt by the PCHB during regular business hours.

- Serve a copy of your appeal and this Order on Ecology in paper form - by mail or in person. (See addresses below.) E-mail is not accepted.

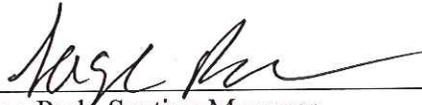

- You must also comply with other applicable requirements in Chapter 43.21B RCW and Chapter 371-08 WAC.
