#### Approval of Minutes:

- October 6, 2014, meeting, All approved

#### New Business:

- 2015-06 Cusick & 2015-07 Bushong: issued last week, both are in the “green” area. Thumbs up.
- 2015-08 Hewitt: Modify period of use of Federal State storage contract (‘exchange contract’) to Sept 1 – Mar 31 and BOR contract use needs to be included. Thumbs up.
- 2015-09 Scatter Creek: It should be noted that it was questioned whether there is a possible Taneum Creek impact. Thumbs up.
- 2015-10 Lathrop: Tom Ring requested that a copy of the hydrogeology report be sent to him. Thumbs up.
- 2015-11 McArthur: BOR contract use has historically not been used for wells this low in the system. Calculations are not reproducible; Ecology will check and make any necessary corrections. WADOE required casing and sealing this well to 200 ft below ground surface so it would not be an impact to Cooke Creek for senior surface rights. Thumbs up.
