<p>NARRATIVE DESCRIPTION OF PROJECT:</p> <p>The Yakima Adjudication Court confirmed Eugene Carpenter, Carl Brown, & John and Judy Record an 1866 priority date water right under court claim number 02398 in Subbasin 23 (Ahtanum Creek). John Record currently owns property in a portion of the place of use listed on the claim.</p> <p>In 2004 John Record applied to add a point of diversion on Hatton Creek for a portion of the right, located within the SW¹/₄SW¹/₄ of Section 9, T. 12 N., R. 17 E.W.M.</p> <p>Both the senior and junior water rights are authorized to divert water from the same point on Ahtanum Creek, located within the SE¹/₄SE¹/₄SE¹/₄ of Section 8, T. 12 N., R. 17 E.W.M. However, the junior right can only be exercised when the flow in Ahtanum Creek exceeds 62.59 cfs <u>and</u> no uses are being made of the excess by water right holders on the reservation.</p> <p>The Yakima Adjudication Court, in its Report of the Court for Subbasin No. 23 (Ahtanum Creek), confirmed the same points of diversion that were certified in the</p>

previous 1925 Ahtanum Creek Adjudication. However, many water right holders are now using different points of diversion (e.g., pump sites) that were never authorized through the water right change process outlined in RCW 90.03.380. The purpose of the application described above is to request authorization for an additional point of diversion, one currently used today, under the original right.
