NARRATIVE DESCRIPTION OF PROJECT:
<p>Petitioner James Poisel has a confirmed water right from Wenas Creek under DSOR Certificate # S4-83139-J for Yakima County parcel # 181403-33002. It is a Class 2 right under the 1921 Wenas Decree. He has another confirmed water right from Wenas Creek under DSOR Certificate # S4-83181-J for parcel # 18141022001. It is a Class 3 water right under the 1921 Wenas Decree. Because of drought conditions, Poisel's Class 3 right is cut off. He wishes to transfer his class 2 water, which irrigates and older alfalfa crop to his class 3 land, which has a newer, more productive alfalfa crop. Both parcels have the same point of diversion.</p>
