 ENVIRONMENTAL CHECKLIST

Puget Sound Power & Light Company
 White River Hatchery River Intake
 Environmental Checklist
 Exhibit D-5

Ralph Colby

Purpose of Checklist:

The State Environmental Policy Act (SEPA), chapter 43.21C RCW, requires all governmental agencies to consider the environmental impacts of a proposal before making decisions. An environmental impact statement (EIS) must be prepared for all proposals with probable significant adverse impacts on the quality of the environment. The purpose of this checklist is to provide information to help you and the agency identify impacts from your proposal (and to reduce or avoid impacts from the proposal, if it can be done) and to help the agency decide whether an EIS is required.

Instructions for Applicants:

This environmental checklist asks you to describe some basic information about your proposal. Governmental agencies use this checklist to determine whether the environmental impacts of your proposal are significant, requiring preparation of an EIS. Answer the questions briefly, with the most precise information known, or give the best description you can.

You must answer each question accurately and carefully, to the best of your knowledge. In most cases, you should be able to answer the questions from your own observations or project plans without the need to hire experts. If you really do not know the answer, or if a question does not apply to your proposal, write "do not know" or "does not apply". Complete answers to the questions now may avoid unnecessary delays later.

Some questions ask about governmental regulations, such as zoning, shoreline, and landmark designations. Answer these questions if you can. If you have problems, the governmental agencies can assist you.

The checklist questions apply to all parts of your proposal, even if you plan to do them over a period of time or on different parcels of land. Attach any additional information that will help describe your proposal or its environmental effects. The agency to which you submit this checklist may ask you to explain your answers or provide additional information reasonably related to determining if there may be significant adverse impact.

Use of checklist for nonproject proposals:

Complete this checklist for nonproject proposals, even though questions may be answered "does not apply." IN ADDITION, complete the SUPPLEMENTAL SHEET FOR NONPROJECT ACTIONS (part D).

For nonproject actions, the references in the checklist to the words "project," "applicant," and "property or site" should be read as "proposal," "proposer," and "affected geographic area," respectively.

A. BACKGROUND

1. Name of proposed project, if applicable:

White River Hatchery
 River Intake System

2. Name of applicant: Puget Sound Power & Light Company

3. Address and phone number of applicant and contact person:

Joan Turnbull, OBC-0611
 P.O. Box 97034, Bellevue, WA 98009-9734

4. Date checklist prepared: January 10, 1990

5. Agency requesting checklist: King County Department of Planning

6. Proposed timing or schedule (including phasing, if applicable):

Project is scheduled for construction Spring of 1990.

7. Do you have any plans for future additions, expansion, or further activity related to or connected with this proposal? If yes, explain.

Phase I of the White River Hatchery has been constructed to provide 5 cfs rearing capacity. In the future, Phase II will expand the rearing capacity to 10 cfs. The river intake system will be sized to handle 10 cfs. The second phase is anticipated to be completed within the next five years.
