

8. List any environmental information you know about that has been prepared, or will be prepared, directly related to this proposal.

Two Shoreline Substantial Development Permits have been issued, one for preliminary test wells and one for Hatchery construction; King County Permit #038-97-SH and #008-88-SH. Both required environmental checklists and review by agencies.

9. Do you know whether applications are pending for governmental approvals of other proposals directly affecting the property covered by your proposal? If yes, explain.

No. Although the project is located adjacent to the White River Project (FERC Project No. 2494), it has been determined the White River Fish Hatchery will not be located within the White River Project boundary.

10. List any government approvals or permits that will be needed for your proposal, if known.

- Shoreline Substantial Development Permit
- Hydraulic Project approval
- Possible amendment of existing Water Right.

11. Give brief, complete description of your proposal, including the proposed uses and the size of the project and site. There are several questions later in this checklist that ask you to describe certain aspects of your proposal. You do not need to repeat those answers on this page. (Lead agencies may modify this form to include additional specific information on project description.)

The river Intake System will supplement the existing well water supply for the Hatchery. The system is designed to provide flow rates of 0 to 5 cfs for Phase I operations with an additional 5 cfs capacity for the Phase II plan.

See attached Site Plans.

12. Location of the proposal. Give sufficient information for a person to understand the precise location of your proposed project, including a street address, if any, and section, township, and range, if known. If a proposal would occur over a range of area, provide the range or boundaries of the site(s). Provide a legal description, site plan, vicinity map, and topographic map, if reasonably available. While you should submit any plans required by the agency, you are not required to duplicate maps or detailed plans submitted with any permit applications related to this checklist.

Project address is: 25305 SE Mud Mountain Road, Enumclaw, Washington.

The project is located at the SE $\frac{1}{4}$ of Section 35, Township 20 North, Range 6E. The site may be reached off Highway 410 traveling from Buckley to Enumclaw. Turn right off Highway 410 at SE Mud Mountain Road. Turn Right again at metal gate just past 252nd Avenue SE.

TO BE COMPLETED BY APPLICANT

EVALUATION FOR
AGENCY USE ONLY

B. ENVIRONMENTAL ELEMENTS

1. Earth

a. General description of the site (circle one) Flat, rolling, hilly, steep slopes, mountainous, other _____

b. What is the steepest slope on the site (approximate percent slope)?

The steepest slope is approximately 2%.
