Yes

**5. LEGAL DESCRIPTION OF PROPERTY ON WHICH WATER IS TO BE USED**

ATTACH A COPY OF THE LEGAL DESCRIPTION OF THE PROPERTY (ON WHICH THE WATER WILL BE USED) TAKEN FROM A REAL ESTATE CONTRACT, PROPERTY DEED OR TITLE INSURANCE POLICY. OR, COPY CAREFULLY IN THE SPACE BELOW.

See attached.

APPLICATION

Property owner

ARE THERE ANY EXISTING WATER RIGHTS RELATED TO THE LAND ON WHICH THE WATER IS TO BE USED (INCLUDING WATER PROVIDED BY IRRIGATION DISTRICTS OR DITCH COMPANIES.)

YES  NO

IF YES, FROM WHAT SOURCE (i.e. SURFACE OR GROUND WATER) AND UNDER WHAT AUTHORITY

COMPLETE THIS FORM ONLY IF THIS APPLICATION INCLUDES IRRIGATION AS A USE

IN ORDER TO IMPLEMENT THE PROVISIONS OF INITIATIVE MEASURE NUMBER 59, THE FAMILY FARM WATER ACT WHICH WAS PASSED BY THE VOTERS ON NOVEMBER 3, 1977, WE MUST ASK THE FOLLOWING QUESTIONS:

DOES THE TOTAL NUMBER OF ACRES IN WHICH YOU HAVE CONTROLLING INTEREST IN THE STATE OF WASHINGTON EXCEED 2000 ACRES FOR THE FOLLOWING THREE CATEGORIES:

- 1. LANDS THAT ARE BEING IRRIGATED UNDER WATER RIGHTS ACQUIRED AFTER DECEMBER 8, 1977. YES  NO 
2. LANDS THAT MAY BE IRRIGATED UNDER APPLICATIONS NOW ON FILE WITH THE DEPARTMENT OF ECOLOGY. YES  NO 
3. LANDS THAT MAY BE IRRIGATED UNDER THIS APPLICATION. YES  NO

PLEASE SIGN AND RETURN

(Signature of Landowner)

(Date)

6. DESCRIPTION OF SYSTEM PROPOSED OR INSTALLED

(FOR EXAMPLE: SIZE OF PUMP, CAPACITY OF PUMP, PUMP MOTOR HORSE POWER, PIPE DIAMETER, NUMBER OF SPRINKLERS, ETC.)

Domestic water system to serve 68 R-V spaces, 20 campsites, a market place store, a restroom-shower-laundromat building, a restroom-shower building. After well is completed, a 30 hp submersible pump will be installed. The pump will connect to a pump building housing a 10,000 gallon pressure tank and controls and be served to the site in 3" and 4" lines. One 6" line will serve a fire hydrant by the store.

REMARKS

7.

IF 10 ACRE-FEET OR MORE OF WATER IS TO BE STORED AND/OR IF THE WATER DEPTH WILL BE 10 FEET OR MORE AT THE DEEPEST POINT, A STORAGE PERMIT MUST BE FILED IN ADDITION TO THIS PERMIT. THESE FORMS CAN BE SECURED, TOGETHER WITH INSTRUCTIONS, FROM THE DEPARTMENT OF ECOLOGY.

SECTION MAP

Sec. 26 Twp. 2 N. R. 13 East, W.M.

432204

Scale: 1 inch = 800 feet (each small square = 10 acres)

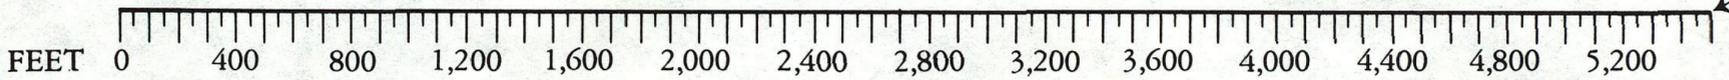

Show by a cross (X) the location of point of diversion (surface water source) or point of withdrawal (ground water source): For ground water applications, show by a circle (O) the locations of other wells or works within a quarter of a mile.

Indicate traveling directions from nearest town in space below.

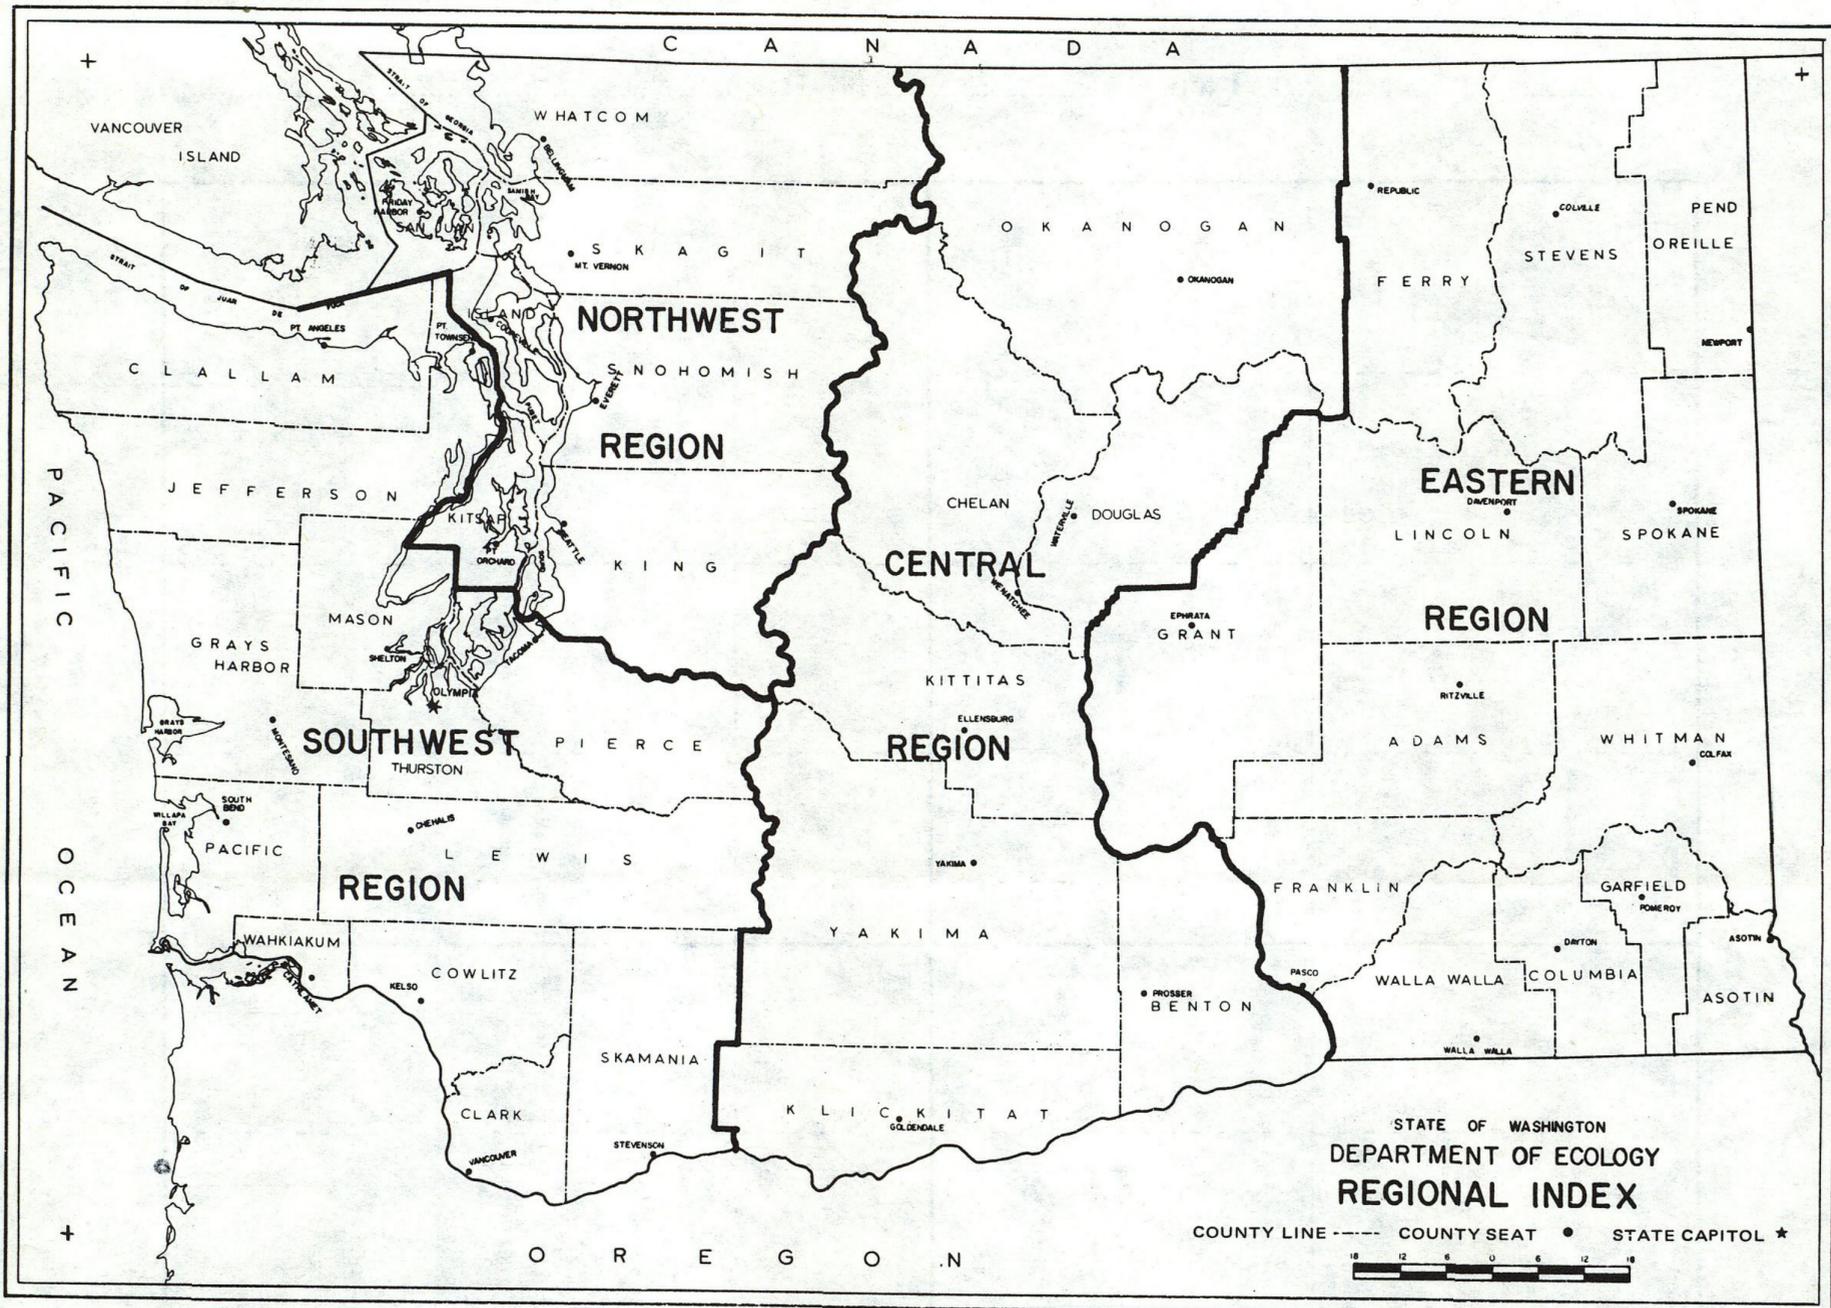

From The Dalles, Oregon, city center, travel east on East 2nd Street for 2 miles to Highway SR197; thence north on SR197 across the Columbia River over The Dalles Bridge into Washington; continue north on SR197 0.8 mile to the R-V village site which is located on the westerly side of the highway.

Detach here

Fold along scale

Detach this scale at the perforation, fold excess paper under or cut off excess by cutting along the scale line. This scale corresponds to the SECTION MAP above. You can read feet directly from this scale to outline property and locate points of diversion or withdrawal on the SECTION MAP. Enclose this map along with the application and \$10.00 examination fee.

Your water right application will be processed by the Regional Office of the Department of Ecology having jurisdiction in the area in which your water works are located. **Please submit your completed application form, maps, sketches and \$10.00 examination fee to the appropriate Regional Office.**

Minutes 9-6-94

• **Water Request - Eiesland; Columbia Hills RV & Market Place:** Mgr. Stacy stated that Resolution 2-1993 prohibited water hookups to clients outside the legal boundaries of the DIP. This Resolution had been written because of an apparent understanding between the previous administration and Robert Eiesland concerning hookup to the Port's water system at DIP. Eiesland had proposed that the water would be used for a R.V. park, but the park had not been built as of February, 1993. DoE was very concerned about the DIP water being used for other uses. Because the Port thought this issue was no longer relevant, the Port was very surprised to receive two (2) completed building permit applications forwarded from the County (which had been submitted from Eiesland) requesting water hookup shut-off valve information. Mgr. Stacy understood that Eiesland (at his expense) had installed a six inch (6") line under Hwy 97. Mgr. Stacy believes that a letter and copy of Resolution 2-1993 were sent to Eiesland, stating the Port's position on the matter. PC Frey believed that Eiesland had stated that he had a contract with the Port. AEA Sherwood searched the files for any information concerning Eiesland; no contract was found; however, a report and summary (dated 12-18-90 from Tenneson Engineering) discussed Eiesland's R.V. park request. DoE concerns, testing, monitoring and liability of supplying water was discussed. Counsel Wyers recommended that if there is an agreement, it must be found - determining who the agreement is with (as it may be with a different entity). If it is to a different entity, the Port may not have an obligation to this applicant. As a compromise to the Resolution, if necessary, an agreement could be entered into for a limited period of time, perhaps supplying water for two (2) years until the applicant can get a well dug for their water needs. Cost amount for water supplied would be adequate to cover testing, and additionally, a contract would state that water is subject to supply, etc. Eiesland would have to install a meter, backflow device, liability insurance, etc. Chair McCuiston suggested that a letter be written to Eiesland, attaching a copy of Resolution 2-1993, questioning if a previous contract or agreement (signed by the previous administration) could be produced, as the Port had no record of it. PC Vinyard stated that unless the Port previously assumed responsibility to supply water to Eiesland, he does not want to open it up to users outside of the DIP, especially in consideration of DoE's concerns. PC Frey felt Eiesland should incur all expenses associated with water use, if granted, and a gallonage limit should be imposed. Chair McCuiston felt that if approved, it should be for a limited time. Future water rights and potential liabilities were discussed.

Gentlemen:

On behalf of our client Robert D. Eiesland who is the developer of the Columbia Hills Marketplace and R-V Village and our client William G. Scannell who is doing a subdivision (both projects in the area of Dallesport, Washington), we are submitting two separate applications for permits to appropriate public waters of the State of Washington from two different wells. One well is for the R-V Village and Marketplace and one is for the subdivision.

I believe we have answered all the questions correctly, but if you need any additional information or details, please contact this office immediately.

Very truly yours,

TENNESON ENGINEERING CORPORATION
