RE: Ground Water Application G4-431369

We are unable to further process your application for the following reason:

1. You will need to supply a copy of a Benton County Assessor's map of your property. You will need to highlight the boundaries of your property and mark with an X where your source of water is located. You will need to provide enough detail so that we will be able to locate section corners.

If we do not receive this information within fifteen days from the date of the letter, your application will be rejected.

You may contact this office at (509) 575-2800 if you have any question.

Sincerely,

Re: Ground Water Application

Your application and check No. 55998 in the amount of \$10.00 are being returned for the following reasons since I was unable to contact you by telephone:

1. You will need to provide a day-time telephone number where you can be reached. The office in San Francisco indicated your Patterson office would be the best source of any information on the winery.
2. You will need to be more specific as to what "potable water source for winery" means (i.e., drinking, wine-making, washdown, etc.).

You will retain your priority date of June 17, 1992, if you return your application, check and all the above-requested information by July 13, 1992.

You may contact this office at (509) 575-2800 if you have any questions.

Sincerely,

Myria J. Autrey Johnson
