Re: Water Right No. S4-31099C

To whom it may concern:

This water right application is meant to update and replace the referenced water right. The changes from the existing water right are the addition of lawn and garden irrigation, and a corresponding increase in the maximum rate of flow.

Sincerely,

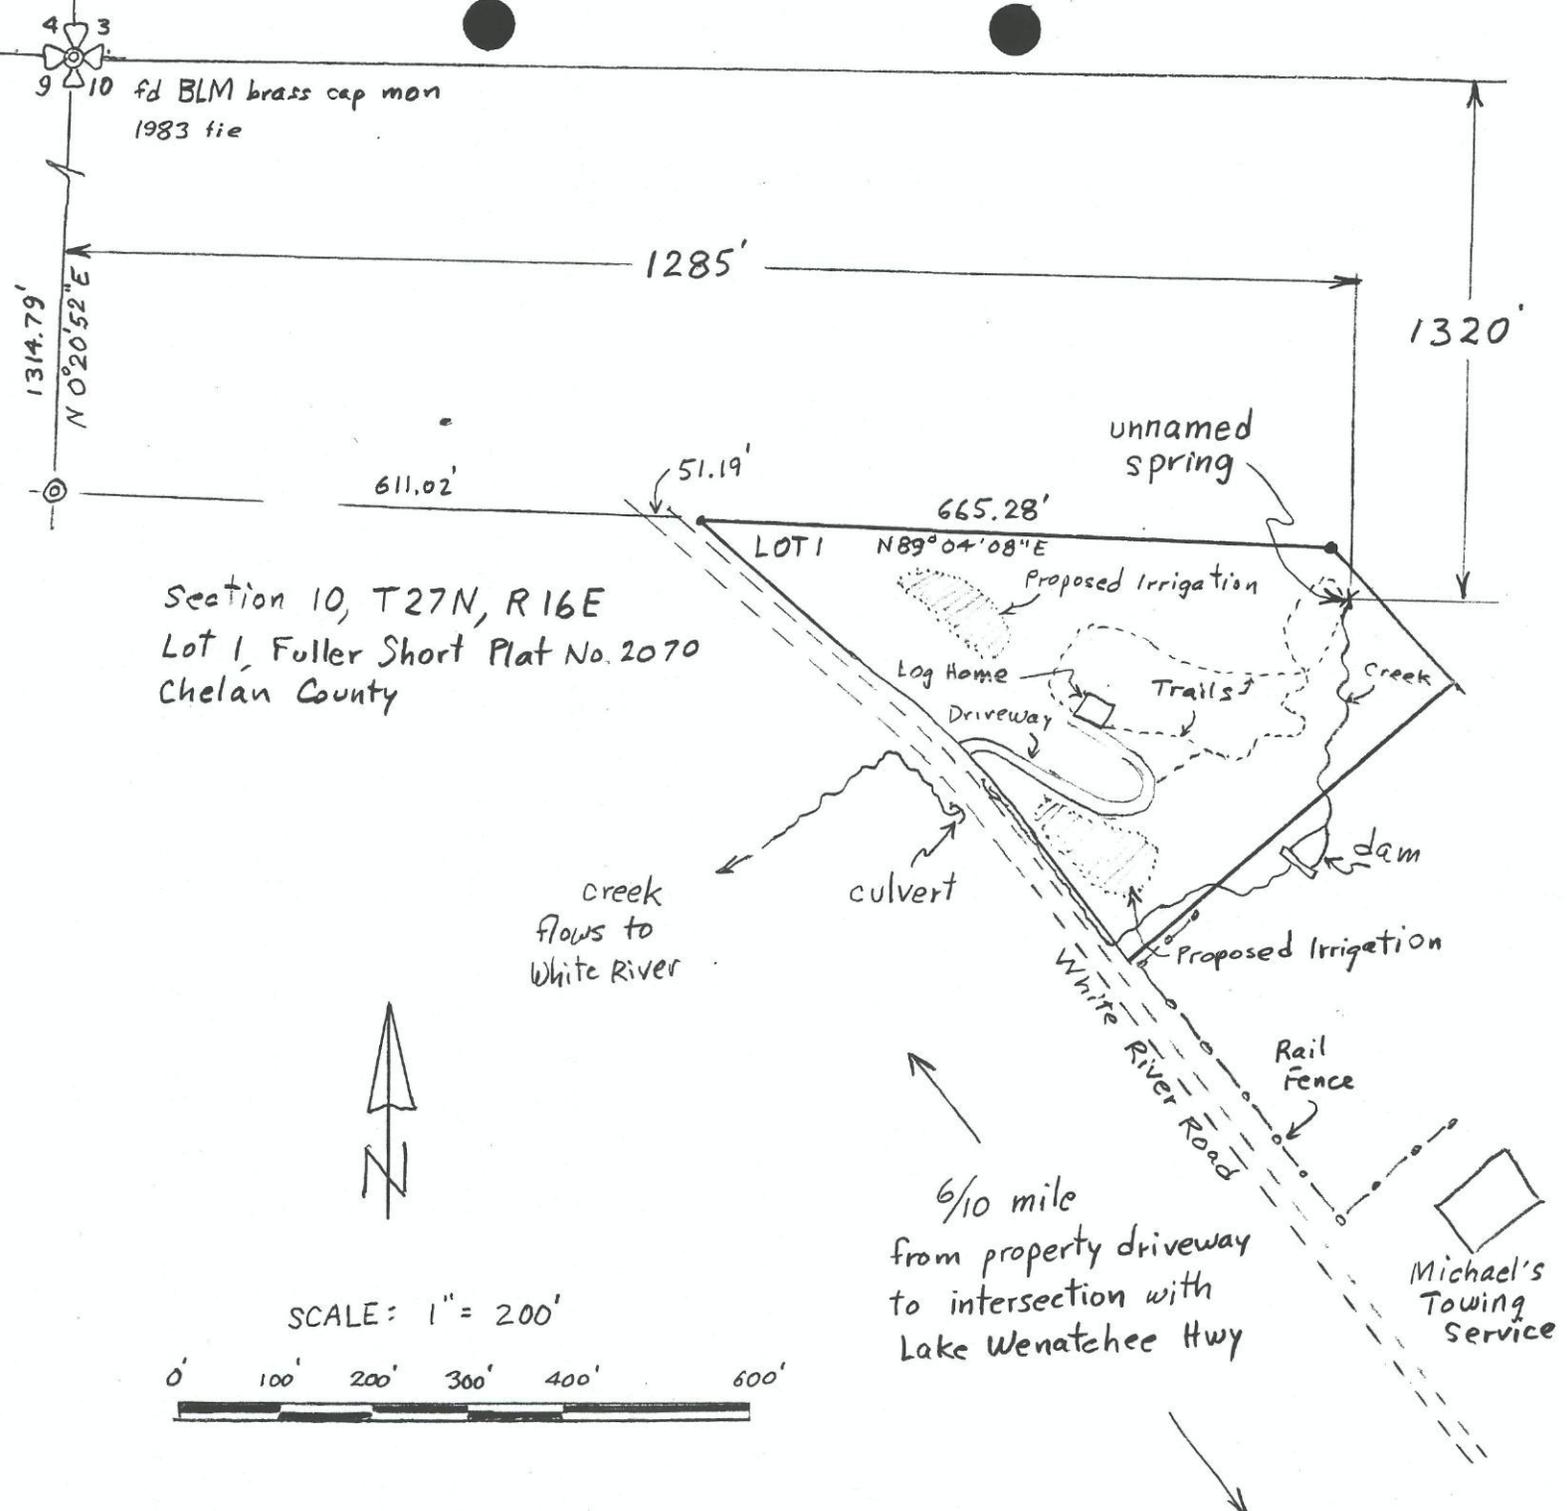

A handwritten signature in cursive script that reads "Paul R. Martin". The signature is written in dark ink and is positioned above the printed name.

At such time that the Department of Ecology determines that regulation and management of the subject waters is necessary and in the public interest, an approved measuring device shall be installed and maintained in accordance with RCW 90.03.360.

This authorization shall in no way excuse the permittee from compliance with any applicable federal, state or local statutes, ordinances or regulations including those administered by local agencies under the Shoreline Management Act of 1971.

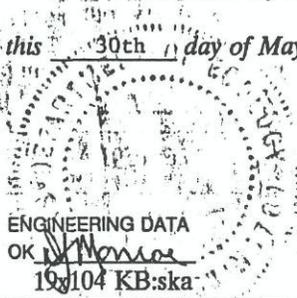

Prior to construction being considered complete, the applicant shall provide to this office a detailed description of the diversionary works constructed in reference to the subject application.

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place of use herein described, except as provided in RCW 90.03.380, 90.03.390, and 90.44.020.

This certificate of water right is specifically subject to reinquishment for nonuse of water as provided in RCW 90.14.180.

Given under my hand and the seal of this office at Yakima, Washington,

this 30th day of May, 1996.
