To whom it may concern

I was raised in No 1 Canyon. From 1924-1937. I know where the Spring was located.

Frank McClimans it was located about 100' So. East of the house. This property was known to me as the Pea Vine property

thank you

To who it may concern on what I know (Cec Hurd) about Pee-Vine Property. Now the Property of Lyle McManus.

The first Survey (before 1900) put the Spring on the Pee Vine property. The water from that Spring was Pipe down to the buildings. at that time there was a Trough for animals to water at.

Since 1950 I Kept a dug out water hole at the Spring for Livestock to water at or from.

In 1968 I was able to walk the old Survey line with my Dogger to Keep him from Cutting any trees on the Pee Vine Property.
