Re: Surface Water Application

Your application and check No. 6648 in the amount of \$10.00 are being returned for the following reasons:

1. You will need to provide another copy of the map you submitted with this application. There is not enough detail to locate section corners. You will need to highlight the boundaries of your property. You will also need to show where within those boundaries the acre is that will be irrigated.
2. You will need to provide specific written driving instructions to your property on the attached Section Map page.
3. You will need to answer, sign and date the attached questionnaire since irrigation is listed as a use. The question that you will need to answer is "Do you own or have a controlling interest in more than 2000 irrigated acres within the State of Washington".

You will retain your priority date of October 30, 1992, if you return your application, check and all the above-requested information by November 18, 1992.

You may contact this office at (509) 575-2800 if you have any questions.

Sincerely,

Myria J. Autrey Johnson  
Water Resources Program
