General Statement

The well log for the subject property indicates that a well was placed on the property in 1969. It has come to Mr. Lennert's attention that the owner of the land at that time inadvertently forgot to obtain the water rights for said well.

Mr. Lennert is currently using the water from that well for horses which he boards on the property, beef producing cows, domestic water use, and landscaping and vegetation located on the property. Mr. Lennert would like to also grow hay on the property. He does not intend to use the property for commercial agricultural purposes.
