Dear Mr. & Mrs. Pelland:

RE: Water Permit No. G2-28830

On August 19, 2005 the Department of Ecology received the Proof of Appropriation form and fees for the above referenced water right permit. As of August 1, 2005 the Pierce County Auditor incorporated a new fee structure for water right certificates. Because of this I am returning your check and requesting you submit a new check in the amount of \$33.00 **made out to the Pierce County Auditor** within **thirty (30) days** of receipt of this letter. I apologize for any inconvenience this may cause you.

Once we receive the new fee we will be able to finalize your water right certificate.

If you have any questions or concerns about any of this information, please contact this office at (360) 407-6300.

Sincerely,

Tina Russell
Water Resources

Dear Mr. & Mrs. Pelland:

RE: Water Permit No. G2-28830

This letter is to acknowledge receipt of your Proof of Appropriation forms for the above mentioned water permit. However we did not receive the statutory recording fees for your Water Right Certificate. Please submit \$50.00 payable to the Department of Ecology and \$ 21.00 payable to the **Pierce** County Auditor. Send both checks or money orders to the Department of Ecology. Also, the County Auditor is **requiring** that we have the **parcel number(s)** for the point of withdrawal/diversion and the place of use, if different.

By following the above instructions, your final water right will be prepared, sent to your County Auditor for recording, and then forwarded to you by your County Auditor.

If we do not hear from you within thirty (30) days from the date of this letter, we shall be forced to assume that you are no longer interested in retaining the permit, and action will be taken resulting in cancellation.

If you have any questions or concerns about any of this information, please contact me at (360) 407-6918.

Sincerely,

Tina Russell

Dear Mr. & Mrs. Pelland:

Re: Water Permit No. G2-28830

On January 19, 2005, we send you a letter in regard to an extension of time of your water right permit's construction schedule for one year. As stated in the letter, we would like to consider another extension of your permit, however you have not supplied us with adequate information to make a determination. We have received your check in the amount of \$5.00 which we will apply to an extension of one year upon receiving the following:

1. A description of efforts you have made to begin construction on the project since the permit was issued or the last extension was granted.
2. A time schedule for beginning the project and developing the system.
3. Reason(s) for needing the extension.
4. Any additional remarks concerning your projects that will assist us in making our decision of whether to grant the extension.

*Please note any payment of extension fees are non-refundable whether the extension is granted or not.

If we do not receive either the enclosed Proof of Appropriation form or the request for extension within sixty (60) days from receipt of this letter, we shall be forced to assume that you are no longer interested in retaining the permit, and action will be taken resulting in cancellation.

If you have any questions or concerns about any of this information, please call Tina Russell at (360) 407-6918 or myself at (360) 407-0270. Thank you for your attention to this matter.

Sincerely,

Teresa Hanson

Dear Mr. & Mrs. Pelland:

RE: Water Right Permit No. G2-28830

We recently received a check from you, and a short note requesting another extension of your permit's construction schedule for one year. We would be glad to consider another extension of your permit; however you have not supplied us with enough information to make a determination if your project is still viable.

Since state law (RCW 90.03.320) requires that the project be pursued with diligence and that good cause be shown before an extension can be granted, your extension request must be made in writing and contain the following:

1. A description of efforts you have made to begin construction on the project since the permit issued or the last extension was granted.
2. A time schedule for the beginning the project and developing the system.
3. Reason(s) for needing the extension.
4. Any additional remarks concerning your projects that will assist us in making our decision of whether to grant the extension.

Please re-submit your request for an extension within thirty (30) days from the date of this letter. We will hold your check, and you do not need to send additional money. This office should be notified if you no longer intend to develop the project. If you have any questions or concerns about any of this information please contact Jill Walsh at (360) 407-0274

Sincerely,

Tina Russell

Dear Mr. & Mrs. Pelland:

Re: Water Right Permit No. G2-28830

In compliance with your request, you are hereby granted an extension of time until **January 1, 2005**, to put the water to full beneficial use and file a notice of such action under the above mentioned permit.

Please submit the following when the actual water has been put to full beneficial use:

- Proof of Appropriation form filled out and notarized
- \$21.00 check payable to the Pierce County Auditor's Office
- \$5.00 check payable to the Department of Ecology

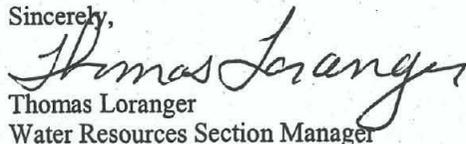

Please send both checks to the Department of Ecology and we will forward the Auditor check along with your Certificate to the County Auditor's Office for recording. **Also, the County Auditor is requiring that we have the parcel number for your property added to your Certificate. Please provide the parcel number for the point of withdrawal/diversion and the place of use.**

If you do not expect to have the water put to full beneficial use by **January 1, 2005**, you should request further extensions, as needed. To request additional extensions, you will need to submit a letter explaining why an extension is needed, including how many more connections are proposed on this water system. You may extend for more than one year at a time at a rate of \$5.00 per year.

This order may be appealed. Your appeal must be filed with the Pollution Control Hearings Board, PO Box 40903, Olympia, WA 98504-0903 within thirty (30) days of the date this Order was mailed by the Department of Ecology. At the same time a copy of your appeal must be sent to the Department of Ecology, c/o Water Resources Appeal Coordinator, PO Box 47600, Olympia, WA 98504-7600. Your appeal alone will not stay the effectiveness of this order. Stay requests must be submitted in accordance with RCW 43.21B.320. These procedures are consistent with Chapter 43.21B RCW.

If you have any questions or concerns about any of this information, please call Sheri Carroll at (360) 407-0240 or Teresa Hanson at (360) 407-0270.

Sincerely,

Thomas Loranger

Dear Mr. & Mrs. Pelland:

Re: Ground Water Permit No. G2-28830

While checking the progress of your water right, I noticed that you have not sent in the **Proof of Appropriation** form.

If you are using the full amount of water shown on your permit, please fill out the enclosed Proof of Appropriation form, have it notarized, and return it to this office. **The statutory recording fees are to be sent in as two separate remittances in the form of checks or money orders. Cash will NOT be accepted. Send both remittances to the Department of Ecology.**

\$5.00 payable to the Department of Ecology
AND
\$21.00 payable to the Pierce County Auditor

Also, the County Auditor is requiring that we have the parcel number(s) for the point of withdrawal/diversion and the place of use if different. Please send those numbers to us with your recording fees.

By following the above instruction, your final water right will be prepared, sent to your County Auditor for recording, and then forwarded to you by your County Auditor.

If more time is required to put the water to full use, you should request an extension of time in writing. By statute, a **\$5.00 fee per year must accompany such a request, together with a showing of good cause why your extension should be granted and a report of progress made during the last year.** The Proof of Appropriation for your water right permit was due on **January 1, 2004**. If an extension is needed, please send **\$5.00** payable to the Department of Ecology along with your request to extend your file until **January 1, 2005**.

If we do not hear from you within **thirty (30) days** from the date of this letter, we shall be forced to assume that you are no longer interested in retaining the permit, and action will be taken resulting in cancellation.

If you have any questions or concerns about this process, please contact Sheri Carroll at (360) 407-0240 or myself at (360) 407-0270.

Puyallup WA 98374-9517

Dear Mr. & Mrs. Pelland:

Re: Water Permit No. G2-28830

While checking the progress of your water right, I noticed that you have not sent in the **Proof of Appropriation** form.

If you are using the full amount of water shown on your permit, please fill out the enclosed Proof of Appropriation form, have it notarized, and return it to this office. **The statutory recording fees are to be sent in as two separate remittances in the form of checks or money orders. Cash will NOT be accepted. Send both remittances to the Department of Ecology.**

\$5.00 payable to the Department of Ecology
AND
\$21.00 payable to the Pierce County Auditor

Also, the County Auditor is requiring that we have the parcel number(s) for the point of withdrawal/diversion and the place of use if different. Please send those numbers to us with your recording fees.

By following the above instruction, your final water right will be prepared, sent to your County Auditor for recording, and then forwarded to you by your County Auditor.

If more time is required to put the water to full use, you should request an extension of time in writing. By statute, a **\$5.00 fee per year must accompany such a request, together with a showing of good cause why your extension should be granted and a report of progress made during the last year.** The Proof of Appropriation for your water right permit was due on **January 1, 2003.** If an extension is needed, please send **\$5.00** payable to the Department of Ecology along with your request to extend your file until **January 1, 2004.**

If we do not hear from you within **thirty (30) days** from the date of this letter, we shall be forced to assume that you are no longer interested in retaining the permit, and action will be taken resulting in cancellation.

If you have any questions or concerns about this process, please contact Sheri Carroll at (360) 407-0240 or myself at (360) 407-0270.

Sincerely,

Teresa Hanson

Dear Mr. & Mrs. Pelland:

RE: Water Permit No. G2-28830

We have received your Notice of Completion of Construction associated with the above-numbered permit.

Enclosed is a Proof of Appropriation form, which is to be filed **when the water has been put to full beneficial use**. Full beneficial use means that water is being used in agreement with the terms of the permit. You may complete and file the Proof of Appropriation form for less water than authorized in the permit, if the project is complete and less water is being used than anticipated.

If you cannot put the water to full beneficial use by **January 1, 2003**, please contact the Department of Ecology. Permit cancellation may result for failing to timely file the Proof of Appropriation form.

The fees for filing and recording your Water Right Certificate are **\$5.00 payable to the Department of Ecology and \$10.00 payable to the Pierce County Auditor**. Send the Proof of Appropriation form and both checks to the Department of Ecology. Also, the County Auditor is **requiring** that we have the **parcel number** for the point of diversion/withdrawal and the place of use, added to your certificate. ***Do not submit your fees and paperwork until you have put the water to full beneficial use.***

If you have any questions or concerns on the above information, please call Tina Russell at (360) 407-6918 or myself at (360) 407-0270.

Sincerely,

Teresa Hanson

Dear Mr. & Mrs. Pelland:

Re: Water Right Permit G2-28830 – Pleasant Acres Water System 03688

This letter is being sent as a final courtesy prior to the cancellation of Water Right Permit G2-28830. Our records indicate that this office has sent you numerous reminder letters, one of which was sent via certified mail – accepted by Kendra Pelland. To date we have not received the final paperwork required to complete this process.

This permit authorizes the withdrawal of water from a well in the amount of 40 gpm for the multiple domestic supply of 9 homes. Once the permit is canceled you will have no legal right to use this source for any more than 6 connections allowed under the ground water exemption.

My phone number is (360) 407-0274. If you would like to retain this permit I would be happy to help you through the remaining steps. If you no longer have an interest in this water system and would like to transfer the responsibility of managing this water right to a new owner or homeowner's association you should also contact me and let me know who the new owner is.

Thank you for your attention to this matter. I will hold off taking any final action on this permit for thirty (30) days.

Sincerely,

Jill Walsh
Water Resources Program

Dear Mr. & Mrs. Pelland:

Re: Water Right Permit G2-28830

On March 30, 2000, I sent a letter to you along with a copy of the above-referenced permit and a Completion of Construction form for you to complete and return to us within 30 days. To date, we have not received the Completion of Construction form.

As a reminder, your permit is currently in the Beginning of Construction stage of development. However, you informed me during a previous phone conversation that the project is complete. I am enclosing another Notice of Construction form. Please fill out the form along with a copy of your well report and any pump test information, as required in the provisions of your permit.

Please submit this information **within 60 (sixty) days** of receipt of this letter, so that we can proceed with the next step towards certification your permit.

Thank you for your attention to this matter. If you have any questions, please call me at (360) 407-0290.

Sincerely,

Debra Hunemuller
Water Resources Program

Dear Mr. & Mrs. Pelland:

Re: Water Permit No. G2-28830

On **November 2, 1999**, you were sent a letter reminding you of the need to file a Notice of Beginning of Construction or request an extension of time to begin construction on the project. We have not received a response to that letter.

Please complete the enclosed Notice of Beginning of Construction form if you have started construction on the water system. If you have not begun construction, you may request an extension of time. The request must be in writing and contain the following if you can show good cause why your permit should not be cancelled.

1. A description of efforts you have made since the permit issued or the last extension was granted to start construction.
2. An anticipated time schedule for beginning construction and completed development of the water system.
3. Reason(s) for needing the extension.
4. Any additional remarks concerning your project that will assist us in making our decision of whether to grant the extension.
5. Check or money order for the **\$60.00** (at \$5.00 a year, this would bring you current until **January 1, 2001**) extension fee made payable to the Department of Ecology. Payments of extension fees are non-refundable regardless whether the extension is granted.

If we do not receive either the completed form or the request for extension with the extension fee **within sixty (60) days from receipt of this letter**, your permit will be canceled with no further contact. If you have any questions or concerns about any of this information, please call at (360) 407-0290. Thank you for your attention to this matter.

Sincerely,

Deb Hunemuller

Dear Mr. & Mrs. Pelland:

Re: Water Permit No. G2-28830

The above referenced permit is currently in the Beginning of Construction stage of development. This letter is to remind you that the permit development schedule required that construction begin on the water system on or before January 1, 1995, and that you notify this office that construction had begun. Please complete the enclosed Notice of Beginning of Construction and submit it to this office as soon as possible if you have begun construction on the water system.

If you have not begun construction and are still interested in developing your project, you may request an extension of time. Since state law requires that the project be pursued with diligence and that good cause be shown before an extension can be granted, your extension request must be made in writing and contain the following:

1. A description of efforts you have made to begin construction on the project since the permit issued or the last extension was granted.
2. A time schedule for beginning the project and developing the system.
3. Reason(s) for needing the extension.
4. Any additional remarks concerning your project that will assist us in making our decision of whether to grant the extension.
5. Check or money order for the \$50.00 (this would bring you current until January 1, 2000) extension fee made payable to the Department of Ecology for each year of extension you are requesting. Any payments of extension fees are non-refundable regardless whether the extension is granted.

Please submit the Notice of Beginning of Construction or the request for extension with the extension fee within thirty (30) days from the date of this letter. This office should be notified if you no longer intend to develop the project. If you have any questions or concerns about any of this information, please call Sheri Carroll at (360) 407-0240 or myself at (360) 407-0290. Thank you for your attention to this matter.
