Dear Mr. Willis:

Re: Water Right Application No. **S2-30369**

We received your application for appropriation of water and have assigned it the number referenced above. Please refer to this number in all future contact with us; it will help us serve you more quickly. The next step in the application process is to have a legal notice of application published.

***Legal Notice***

A legal notice of application announces your proposed water use to the public and allows interested persons to comment. We have prepared and enclosed this notice for you. You need to arrange (including covering the costs) for it to be published in the legal section of a newspaper published in **Thurston** County. It must appear once a week for two consecutive weeks. The selected newspaper must:

- have general circulation in the area where the water is to be diverted and used, and
- be qualified as a legal newspaper.

The enclosed newspaper list may help you select an appropriate newspaper for the area. It is important to select a suitable newspaper: if the notice is published in a newspaper that does not meet the above criteria, you will be required to have the notice re-published, at your expense.

*Publication should start within 60 days from the date of this letter.*

***Review Legal Notice carefully***

It is your responsibility to check the notice carefully before having it published. If you find an error, please contact this office for correction and/or resolution. If we later find an error in your public notice, you will be required to re-publish an amended notice at your expense.

***Next step***

After publication, you must request an Affidavit of Publication from the newspaper(s) in which your notice was published. The Affidavit must be an **original, notarized** copy of your notice.

S

Please forward it to our office as soon as possible. We cannot accept a photocopy of the affidavit.

If you have any questions, please feel free to call me at (360) 407-0240.

Sincerely,
