Re: Water Right No's. **S2-30339, S2-30340 & S2-30341**

Dear Mr. Davis,

Thank you for submitting your *Construction Notices* reporting you have completed construction of your water systems. However, in talking to you on the phone it appears you have not yet put the water to full use on any of the permits. As we can only grant a certificate on the water used (to the limit allowed by the permit) it would be appropriate to ask for an extension on your development schedule to collect sufficient metering data prior to filing the Proof of Appropriation form. To do this you must contact us in writing to request an extension. Refer to the enclosed focus sheet for more information.

- According to the development schedule of your Permits, you were due to submit completed Proof of Appropriation forms on all three permits by **June 1, 2008**.

I am enclosing information regarding extensions on development schedules. All extension requests must include the following:

- The reason you need an extension, with details and reasons why the development schedule should be extended (you may also provide any other information or materials that support your request).
- A description of efforts made since the permit was issued.
- The new schedule you propose for putting the water to full use.
- A non-refundable \$50 request fee (per permit).

Ecology may request other information before processing your request.

If you have any questions, please contact me at (360) 407-0274 or clat461@ecy.wa.gov.

Sincerely,

Charlotte Lattimore
Water Resources Program

Re: Water Right No's. S2-30339, S2-30340 & S2-30341

Dear Mr. Davis,

This letter is to remind you that the development schedule of your permits required that you complete construction of your projects by **June 1, 2008**. If you have completed construction, please fill out and return the *Construction Notice* within **30 days**.

If you have not completed construction of your project, you must obtain an extension or your permit may be cancelled. **Your request must be in writing and include the following information:**

- A description of the efforts you have made to complete the project.
- A schedule for completing the project.
- Reasons why the project has not been completed.
- Any additional information that will assist us in evaluating your request for an extension.
- A **non-refundable fee of \$50.00**.

If requesting an extension, mail your request together with your check or money order to:

Department of Ecology
Cashiering Section
PO Box 47611
Olympia, WA 98504-7611

If you are no longer interested in pursuing the project, please contact this office in writing. If you have any questions, please contact Charlotte Lattimore at (360)407-0274 or clat461@ecy.wa.gov.

Sincerely,

Charlotte Lattimore

Re: Water Right Permit Nos. **S2-30339, S2-30340, & S2-30341**

Dear Mr. Davis:

This letter is to remind you that the development schedule of your water right permits required that you complete construction of your projects by **June 1, 2008**. If you have completed construction, please fill out and return the enclosed *Construction Notice* for each project within **30 days**.

If you have not completed construction of your projects, you must obtain an extension or your permits may be cancelled. **Your request must be in writing and include the following information:**

- A description of the efforts you have made to complete the project.
- A schedule for completing the project.
- Reasons why the project has not been completed.
- Any additional information that will assist us in evaluating your request for an extension.
- A **non-refundable fee of \$50.00**.

If requesting an extension, mail your request together with your check or money order to:

Department of Ecology
Cashiering Section
PO Box 47611
Olympia, WA 98504-7611

If you are no longer interested in pursuing the project, please contact this office in writing. If you have any questions, please feel free to contact me at (360) 407-6116 or at anie461@ecy.wa.gov.

Sincerely,
