Dear Mr. Flowers:

Re: Surface Water Permit No. S2-27825

On **January 6, 2000**, you were sent a letter reminding you of the need to file a Proof of Appropriation form or request an extension of time to put the water to full beneficial use on this project. Full beneficial use means the project is at full build out, all the water is in use, and the provisions of the permit have been met.

If you are using the full amount of water shown on your permit, please fill out the enclosed Proof of Appropriation form, have it notarized, and return it to this office. **The statutory recording fees are to be sent in as two separate remittances in the form of checks or money orders. Cash will NOT be accepted. Send both remittances to the Department of Ecology. Do not send the Proof of Appropriation form or fees if the water has not been put to full beneficial use.**

\$5.00 payable to the Department of Ecology

AND

\$9.00 payable to the Clallam County Auditor

**Also, the County Auditor is requiring that we have the parcel number(s) for the point of withdrawal/diversion and the place of use if different. Please send those numbers to us with your recording fees.**

By following the above instruction, your final water right will be prepared, sent to your County Auditor for recording, and then forwarded to you by your County Auditor.

If more time is required to put the water to full use, you should request an extension of time in writing. By statute, a **\$5.00 fee per year must accompany such a request, together with a showing of good cause why your extension should be granted and a report of progress made during the last year.** The Proof of Appropriation for your water right permit was due on **August 1, 1995**. If an extension is needed, please send **\$30.00** payable to the Department of Ecology along with your request to extend your file until **August 1, 2001**.

If we do not hear from you within sixty (60) days from the date of this letter, we shall be forced to assume that you are no longer interested in retaining the permit, and action will be taken resulting in cancellation.

If you have questions or concerns about this information, please call Sheri Carroll at (360) 407-0240, or myself at (360) 407-0290. Thank you for your attention to this matter.

Sincerely,

Dear Mr. Flowers:

Re: Surface Water Permit No. S 2-27825

We have received your Notice of Completion of Construction in connection with the above referenced permit.

Enclosed is a Proof of Appropriation form which is to be filed when the water has actually been put to full beneficial use. The Proof of Appropriation form must be filed when the water has actually been put to full beneficial use. This form is not to be filed until the water has been put to full use. If you cannot put the water to full beneficial use by August 1, 1995, you must contact this office.

The fees for filing and recording your final certificate of water right are: (Cash will NOT be accepted)

\$5.00 payable to the Department of Ecology

\$8.00 payable to the Clallam County Auditor

Please send two remittances and the completed Proof of Appropriation form (with notarized signature) to this office.

Sincerely,

Dear Sheri Joe

I sent a letter with this form when I first received one. Stating there is no need to construct anything.

A gravity feed Drip system will be used, taking it in and out each spring and fall. Some trees <sup>will</sup> be planted late this winter and use will begin when needed.

Please respond to this statement

Thanks Jerry Howes

I certify I am the holder of the above permit issued by the Department of Ecology for the State of Washington, and in accordance with the terms of such permit and the limitations endorsed by the Department of Ecology have  begun  completed the actual construction of the work described in the permit.

Dear Mr. Flowers:

Re: Surface Water Permit No. S 2-27825

In reviewing your permit, we find we have not received your notice of beginning of construction form.

If the work has been started on this project, please complete the enclosed form. If not, you must request an extension of one year. Please submit the statutory extension fee of \$5.00, payable to the Department of Ecology.

By statute, projects under permit must be pursued with diligence, and good cause for granting an extension must be shown. A report of progress made during the past year must be included with your request for extension. If you are no longer interested in the permit, please sign the statement below and return to this office.

I am no longer interested in processing the Surface Water Permit No. S 2-27825 or obtaining a water right and I hereby agree to it being cancelled.

I understand that after the effective date of cancellation, any use of of the surface water is a violation in accordance with Chapter 90.03 90.03 RCW and subject to enforcement action.
