NE 1/4, Sec. 28, T. 18 N., R. 1 W.W.M., described as that part of Lot 1 of Sec. 28, T. 18 N., R. 1 W.W.M., lying east of Hicks Lake road and north of a line south 89°13'33" west from a point on the extension of the north portion of said Lot 1, 649.4 feet south of the northeast corner of said lot.

**DESCRIPTION OF PROPOSED WORKS**

3/4 HP pump, pipe from lake to pump and place of use  
hose bibs

**DEVELOPMENT SCHEDULE**

BEGINNING DATE	COMPLETION DATE	DATE COMPLETE APPLICATION OF WATER TO BE MADE
Started	Completed	February 1, 1976

**PROVISIONS AND RECOMMENDATIONS**

It is recommended that this application be approved for 0.03 cubic foot per second continuously with an annual quantity of 0225 acre-feet for domestic supply (which can include up to one-half acre of lawn and garden).

The Water Resources Act of 1971 specifies certain criteria regarding utilization and management of the waters of the State in the best public interest. Favorable consideration of this application has been based on sufficient waters available, at least during portions of the year. However, it is pointed out to the applicant that his use of the water may be subject to regulation at certain times, based on the necessity to maintain water quantities sufficient for preservation of the natural environment.

In accordance with the recommendations of the Departments of Fisheries and Game, the permit shall be issued subject to the following provisions: Diversion intake shall be tightly screened at all times with wire mesh having openings with dimensions not greater than 0.125 (1/8) inch.

In accordance with Section 90.03.290 RCW, I find that there is water available for appropriation from the source in question and that the diversion as recommended above will not impair existing rights or be detrimental to the public welfare. Therefore, permit should issue, subject to existing rights and indicated provisions.

Additionally, the permit when issued shall carry the following provision: "Nothing in this permit shall be construed as excusing the permittee from compliance with any applicable federal, state, or local statutes, ordinances, or regulations including those administered by local agencies under the Shoreline Management Act of 1971."

Signed at Olympia, Washington,  
this 24<sup>th</sup> day of January, 1975.

  
RICHARD S. CARTER, Resources Management  
Department of Ecology
