PROVISIONS

At such time that the Department of Ecology determines the regulation and management of the subject waters is necessary and in the public interest, an approved metering device shall be installed and maintained in accordance with RCW 90.03.360 and WAC 508-64-020 through -040.

The Water Resources Act of 1971 specifies certain criteria regarding utilization and management of the waters of the state in the best public interest. Use of water may be subject to regulation at certain times, based on the necessity to maintain water quantities sufficient for preservation of the natural environment.

This permit shall be subject to cancellation should the permittee fail to comply with the above development schedule and/or fail to give notice to the Department of Ecology on forms provided by that Department documenting such compliance.

Given under my hand and the seal of this office at Olympia, Washington,

this 3rd day of May, 19 93.
