Re: Notice of Temporary Layoff

Dear H-2A Employee:

This letter provides written notice that Sagemoor Group Management Services, Inc will implement a temporary layoff affecting H-2A employees living at the Fair Bridge Inn & Suites Seasonal Farmworker Housing due to your H-2A employment period ending.

The temporary layoff is expected to begin on November 14, 2026, when your H2A employment agreement ends. Your anticipated last day of work before the temporary layoff is November 14, 2026.

The duration of the temporary layoff cannot be determined with certainty at this time. The Company currently anticipates recalling H-2A employees once we determine labor needs for 2027 and a petition has been approved to bring H-2A employees to assist with those labor needs. We will provide additional information regarding your anticipated return to work as it becomes available.

The temporary layoff is being implemented due to the end of your H-2A employment agreement because of our temporary reduction in business activity which is triggered due to our harvest season ending. This temporary layoff is not the result of the relocation of operations or positions and is not the result of contracting out or outsourcing positions.

The Company intends to communicate with affected H-2A employees regarding their return-to-work status. Please ensure that your current mailing address, telephone number, and email address are on file with Human Resources so that we can reach you regarding recall or other important employment information. If circumstances affecting the anticipated duration of the temporary layoff change, the Company will provide additional information as appropriate.

If you have questions regarding this notice or the temporary layoff, please contact our Sagemoor Group Management Services, Inc. Human Resources Department at (509) 547-2533 or via email at HR.SGMS@allanbrosfruit.com.

Sincerely,

Juan Gaytan
