As a result of this action, we anticipate that the above-described employees will be separated from employment with Amazon, with separations effective on the following dates: April 28, 2026; May 26, 2026; May 28, 2026; and June 29, 2026. While WARN requires only 60 days' advance notice, Amazon is providing at least 90 days' notice to all affected employees before their separations are scheduled to occur. Affected employees who accept internal transfer opportunities at Amazon prior to their separation date will not be separated as a result of this action.

Employee separations resulting from this action are expected to be permanent. The affected employees are not represented by a union or any other collective bargaining representative. Amazon and its affiliates do not allow separated employees to displace any other employee based on seniority or any other factor (i.e., no "bumping rights" exist). Affected employees who are separated as a result of this action will be paid all wages and other benefits to which they are entitled (if any) through their date of separation, provided they do not resign from their employment with Amazon prior to that date. On or before the effective date of each employee's separation, Amazon will provide information concerning benefits and (as applicable) severance available under separate cover to eligible affected employees. This action is not the result of, nor reasonably expected to result in, any overall relocation or contracting out of Amazon's Washington operations/employee positions.

A list of the job titles held by the above-referenced affected employees, and the number of affected employees holding each such job title, is attached hereto. At Amazon we take the responsibility of protecting the personal information of our employees very seriously, including taking steps to ensure that any recipients of such information maintain it confidentially. Given that this notice is generally obtainable by third parties, and that affected employees have a legitimate privacy interest in not having their names, contact information, and selection for layoff made available to the general public for review, republication, or other purposes, we have omitted employee names and home addresses from this notice. The privacy interest here is the same interest that underlies the confidentiality of unemployment compensation information in the Employment Security Department's files. RCW 50.13.020. To assist with communication between affected employees and the Department, we are providing the Department's contact information to all affected employees.

We are providing you with this notice based upon the best information available to us at this time and do not plan to provide future notices with respect to this action. We wish to provide you with notices that are helpful, rather than inundate you with repeated or intermittent updates. However, please let us know if you would like us to provide you with future notices or additional information.

This notice is given based upon the best information available to Amazon at this time. For further information regarding this matter, please contact Guy Palumbo, Public Policy, at guyp@amazon.com.

Sincerely,

A handwritten signature in black ink that reads "Kalaiva".
