**WASHINGTON STATE BUILDING CODE COUNCIL**  
*Improving the built environment by promoting health, safety and welfare*

April 2, 2012

**TO:** Council members  
**FROM:** SBCC Staff  
**SUBJECT: RECONSIDERATION REQUEST FOR PROPOSAL #12-005, #12-006**

The proposals from proponent Dean Kalahar regarding Roof Anchors were considered by the Council at the March 9, 2012 meeting. At that time the Council determined that the proposals did not have merit to move forward during the 2012 Code Review cycle. The Council had previously considered these issues and heard testimony in 2011 on the same issues. The proponent was informed of the Council's decision on March 15, 2012.

Mr. Kalahar has requested the Council reconsider their decision to not move the proposals forward during this code cycle. His request was made within the 60-day limit allowed by Council procedure (WAC 51-04-040). We will place this matter on the agenda for the April 13, 2012 Council meeting for your review and reconsideration, and will inform the proponent of his opportunity to address the issue at that meeting. Please let us know if you have any questions.
