

OFM Training

RESULTS THROUGH PERFORMANCE MANAGEMENT (RPM) SYSTEM

- Class Description:** This class will take participants through the steps of creating performance measures in the Results through Performance Management (RPM) system. Participants will practice creating measures for usage types of Budget, GMAP, Economic Recovery, and Agency Internal. This class is designed to explain system functionality, navigation, data fields, workflow, and reports.
- Target Group:** Agency staff responsible for developing and managing performance measures.
- Class Objectives:** In a group setting, step through the Results through Performance Management (RPM) system user guide. Provide hands on training with the opportunity to clarify system functionality and seek resolution to questions.
- User Guide:** The User Guide is available at:
<http://bass.ofm.wa.gov/Bassspr/library/default.htm> from within the State Intranet and
<https://fortress.wa.gov/ofm/bass/Bassspr/library/default.htm> from Outside the State Intranet
