Procedures & Training Guidelines for Lo-Bo Blackjack™

THE GAME

Lo-Bo is played with traditional decks of cards excluding all ten value cards. Opposite of traditional blackjack, the object of Lo-Bo is to obtain a lower card count than the dealer [as in lowball], without going over 12. A bust hand is 13 and over. The best hand in Lo-Bo will be Ace/Ace [Ace is a value of one, so Ace/Ace equals 2]. If the player's first 2 cards are any Aces, players will automatically be paid 2 to 1.

Lo-Bo Reverse Blackjack is standard house-banked blackjack with an optional bonus wager. All rules pertaining to standard blackjack as posted on the WSGC's website remain the same except as described specifically in these rules of play.

THE PLAY

Players will place an initial wager. Started on the left Players will get two [2] cards face up. The dealer also gets two [2] cards, one of which is exposed as in regular Blackjack. Players will signal the dealer by using hand gestures as to whether they wish to stand or draw. They may hit, stand, double down, or split any pair other than Aces [Lo-Bo]. On all hits or double downs, players will discard one of their two cards [usually the higher one] and receive a new card from the top of the deck or shoe. Players may not touch the cards; the dealer's will discard all cards. Only one draw is allowed. After all the players have played out their hands, the dealer then reveals his hole card. The dealer must stand on 5 or lower; otherwise, the dealer will draw a third card and use the lowest two of his three cards to make his best hand while discarding his highest card. In the event of a tie, it is a push.

- Players may Double Down on a single card count of 2 or 3 only. [This will be a house decision as in doubling down on 10 or 11 or both as in traditional Blackjack].

PHYSICAL CHARACTERISTICS OF THE TABLE AND EQUIPMENT

The Lo-Bo Blackjack table is a semi-circle playing surface. The table includes:

- A padded rail attached to the circular outer edge of the table.
- A felt playing surface (containing miscellaneous logos) and having six betting positions with a bonus wager circle at the upper right of each betting position.
- A chip rack (with clear security cover) located on the straight edge of the table.
